EVENTS

Webinar: A Hybrid Approach on Your Journey Towards Cloud-delivered Secure Web Gateway

While a cloud-delivered Secure Web Gateway (SWG) is the ultimate destination for most security organizations, many are early in their journey and are taking a measured approach moving forward. Play this on-demand webinar to find out how an "all-or-nothing" approach isn't the only option and how a hybrid approach to an effective SWG might be the approach for you.

SERVICE ANNOUNCEMENTS

Action Required - Your ABRCA Root Certificate

This letter is your third reminder that the root certificate for one or more of your Symantec products will be expiring. Below you will find instructions as to how to update each affected product's certificate.

You are advised to take action as soon as possible to avoid any system failures when the certificate(s) expire.
