

## PRODUCT ANNOUNCEMENTS

### Symantec is Leading the Way in Reinventing Enterprise Security

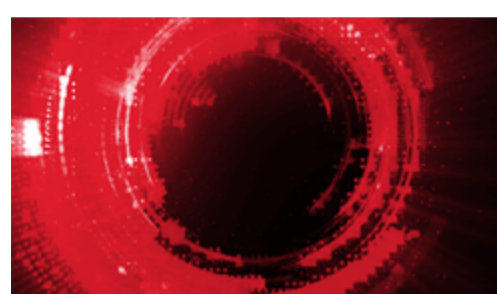

It's time to rethink enterprise security. The current approach is clearly not working. The rate of cyber attacks, already a major concern before the world shifted to working from home, is off the charts. That's why we at Symantec, as a division of Broadcom, are more focused than ever on building and executing a cohesive endpoint security strategy—one that addresses the challenges you are facing today.
