### Stay Up to Date on SiteMinder Capabilities

Last month we announced the availability of a full new playlist with four feature videos highlighting new SiteMinder 12.8.05 capabilities. We have added one final video to the playlist, which covers support for Swagger Codegen in REST APIs. Click the link below to view all the videos in the playlist, and happy viewing.

[WATCH THE VIDEOS](#)

### New Video - Symantec Privileged Access Management

Symantec Privileged Access Management is designed to prevent security breaches across virtual, cloud, and physical environments. Watch our new video, which provides an overview of PAM capabilities and benefits.
