**Using Symantec DLP Solutions with Amazon AWS**

**Why Should You Care About DORA?**

Are you in the process of migrating workloads to AWS? Edwin Davis from Aurora Systems Consulting explains why Symantec DLP was the natural choice to protect data at rest and in motion in AWS environments.

[READ BLOG](#)

DORA stands for Digital Operational Resilience Act is one of the latest EU sectoral cyber security legislative initiatives. It is specifically focused on the financial sector and complements horizontal cyber security requirements already in place, such as the Network and Information Security Directive (NISD) or the famous General Data Protection Regulation (GDPR).
